# Engaging solutions for exceptional results

*"Through empathy and innovation, we give life to impactful ideas."*

## Systems Integration

Design, integrate, assemble, test, document, deliver, install, and maintain. Conduct site surveys. Prototype and manufacture.

## Logistics & Field Support

Logistics planning and provisioning, property management, phone support, on-site repair and warranty support, training, and technical documentation.

## Manufacturing Services

Light-weight manufacturing services for customized computer systems, small electronics or components, and cable production.

H2 IT Solutions (H2IT) is an Orlando-based, **Economically Disadvantaged, Historically Under-utilized, Woman and Minority-Owned Small Business (EDWOSB, HUB-Zone, WOSB, SDB)** that provides low-risk, proven capabilities that exceed your requirements. We deliver quality products and services that emphasize our understanding of the client's needs. With 15 years of experience, our past performance has resulted in EXCEPTIONAL CPARS ratings on both Navy and Air Force contracts.

## Training and Software Solutions

Instructional Design and Development of SCORM and xAPI compliant interactive courseware

Serious game development creating virtual environments using game engines such as Unity

Software development, updates, and maintenance support

R&D - Investigating and applying emerging technologies to improve student competency.
